Case No: 25-507 PO

Defendant(s)

CRIMINAL COMPLAINT

I, the complainant in this case, state that the following is true to the best of my knowledge and belief. On or about the date of April 23, 2025 in the county of Otero in the State and District of New Mexico, the defendant violated § U.S.C. §1304(e)(Failure to Carry Alien Registration), an offense described as follows:

Failure to carry and have in his/her personal possession a certificate of alien registration or alien registration receipt card issued to him/her pursuant to Section 264(d) of the Immigration and Nationality Act,

This criminal complaint is based on these facts:

On April 23, 2025, Agents were conducting immigration inspections at the U.S. Border Patrol checkpoint on Highway 70, located west of Alamogordo, NM when the defendant entered the primary inspection as a front seat passenger in the vehicle. When the defendant (who is over the age of 18), was asked about his citizenship status, he stated he was a citizen of Sierra Leone and a legal permanent resident of the U.S. When asked for his permanent resident card (I-551), he did not have his card in his possession and stated that he did not have to carry it because he was in the United States.
